

Philadelphia,

September 23, 1861.

Dear Sir;

Thomas Mirkel, one of your employees, and a most worthy man, desires, if possible, to have his position so changed in the Mint that he may be able to get to Delaware county at night. I make this request in his behalf at the suggestion of some of our friends at Chester, who believe that his daily presence at, or near, his home, in these times, would be very important and useful.

Yours

Very truly,

W. W. W. W.

Professor Booth.

23. Sept. 1861
